### Won Easily

Spider, the fast little "side wheeler" in the racing stable of W. C. Gormley, won the 2:18 pace at Mt. Sterling last week from a field of good ones. It took four heats to decide the race, but after the first, which Spider lost by a neck, the others couldn't get near him.

### Dedicate Church

The dedicatory services of the new Baptist church at Kirksville will be held August 20th. Services begin at 10 a. m. with Rev. W. G. Powell of Louisville, and Dr. Marshall, of Richmond, in charge. The noon meal will be served on the grounds and a large crowd is expected.

### Looking for Farm.

Capt. Henry Waddle, Chief of Police of Somerset and Col. John Tumbleson, also of Pulaski county, were here last Saturday looking at a farm near Waco, with a view of locating in the great and good country, of Madison. They are anxious to get out of the feed ridden mountains, where lives are hardly worth the living. Capt. Waddle has been fighting the bling bling and bootleggers at his city for a long time, and of course he has made many enemies.

### President Here.

President Neal, of the Bluegrass League of base ball, paid a visit to Richmond last week and held a long conference with President Bennett and the directors of the local team. Mr. Neal is enthusiastic over the success of the league and gave the directors many pointers as to the best way to carry out the business end of a ball club.

### Installation.

At the regular meeting of Normal City Lodge, K. of P. last Thursday, the following officers were chosen to serve during the ensuing year: Chancellor Commander, W. F. Higgins; Vice Chancellor, D. E. Flors; F. L. Russell, Prelate; J. P. Mann M. of W. J. P. Chennault M. at Arms; W. J. Broadus M. of E. C. P. Willoughby M. of Finance and Keeper of Records and Seal; John H. Gibson, Inner Guard; J. T. Eads, Outer Guard; R. E. Million, Master of Degree Team.

### Be Prompt

The Federal Government has authorized the State Registrar of the Bureau of Vital Statistics of Kentucky to return each month copies of the certificates of death received from certain cities of the state, which returns will form a part of the annual compilation of the Bureau of Census. Mr. Joe Schauffhausen, registrar for Richmond and vicinity, claims there is some annoying tardiness on the part of the proper persons to send or give these in. These reports come from the Registrars thru out the county. In order to meet the requirements of the Government it is necessary that certificates should be filed out completely with all the information required by law and the returns of all births and deaths that occur in each registration district should be forwarded promptly in order that full efficiency be obtained so that the returns from the state as a whole can be accepted and Kentucky thus be admitted to the registration area. The earnest cooperation of all physicians, undertakers, local registrars, and others concerned is necessary to bring about this result. The Bureau of Census is co-operating in every way possible with the State Registrar, Dr. W. L. Heizer, to secure full compliance with the law and a complete return of births and deaths.

### Loss of Time means Loss of Pay.

Kidney trouble and the ills it breeds mean lost time and lost pay to many a working man. M. Balent, 1214 Little Penna. St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley's Kidney Pills for only a short time and got entirely well and was soon able to go back to work and am feeling well and healthier than before." Foley's Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills. Foley's Kidney Pills will check the progress of your kidney and bladder trouble and lead by removing the cause. Try them. For sale by Stockton & Son.

### A Hustler.

Dr. J. A. Gwynn, editor of the Richmond Sentinel was in Winchester several days the first of this week putting in some good work for his paper. The Doctor is a hustler and his paper is now one of the leading papers in the state for colored people—owned and edited by them.

### Excellent

In this issue of the Climax is the regular midsummer announcement of the opening of Madison Institute. This school holds a reputation second to none in the higher education of young ladies and the approaching session is expected to be a banner one, although the past year was probably the most successful in the history of the school.

### Hay Fever, Asthma and Summer Colds

Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1031 Wolfram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. Foley's Honey and Tar Compound is effective for coughs and colds in either children or grown persons. No opiates, no harmful drugs. In a yellow package. Refuse substitutes. For sale by Stockton & Son.

### Notice Them.

In last week's and also this issue of the Climax, the State Banks of the county published their regular midsummer statement and it is a source of much pride to all Madisonians that such financial institutions are a part of the wide awake community. The little towns of Valley View, Kirksville and Waco are proud of their banking institutions, as well as the county at large, and the statement often in the Climax shows they are in a thriving condition, which, of course, means that the section they represent is also prosperous.

### Notice.

Notice is hereby given that a mass Democratic County Convention will be held for Madison county at the Court House in Richmond, Ky., on August 15, 1911, beginning at 9 o'clock p. m., at which convention delegates will be selected to represent said county in the State Platform Convention to be held at Louisville, Ky., on August 19th, 1911. All known Democrats, all miners, who will arrive at 21 years of age by the November election, 1911, and all voters who express a desire to affiliate with the Democratic party in the approaching State election of 1911, are eligible under the party call, to participate in the County Convention and to be elected delegates to the State Convention.

### Methodists Coming

Kentucky Conference of M. E. Church, South, to Meet Here First of September.

(Contributed)

It has been over thirty years since Richmond has had the pleasure of entertaining this body. We feel sorry and happy fellowship than is found in the association of an Annual Conference the writer has failed to know of it. If Richmond hasn't better digestion after the session of the Annual Conference, it is all a mistake about "laughing and growing fat." You will hear some new jokes as well as old ones concerning the proverbial "Chicken and Methodist preacher."

Everything will be Methodist during the Conference. If you want to help entertain our visitors the following persons shall appreciate hearing from you: Miss Belle H. Bennett, Mrs. A. J. Suit, Mrs. Pauline Arnold, Mrs. G. D. Smith, Mrs. W. A. Langford, Mrs. W. H. Park or the pastor.

### Walker.

The remains of Thomas B. Walker, whose death occurred at his home in Garrard county Saturday, were brought to Richmond Monday for interment. Mr. Walker had lived most of his life in Garrard and is survived by three sons, besides two brothers and six sisters, all well known here. They are Messrs. James T. Walker, of this city and R. L. Walker, of Lancaster and Mesdames, James Burnside, and B. P. Tevis of this city, D. D. Geiger, of Huntington, W. Va., John T. Cotton of Danville, W. O. Rigney and B. F. Hodson, of Lancaster. Deceased was sixty six years of age and had been ill for several months.

### Democratic Convention.

Elsewhere in this issue appears an official call of Hon. J. A. Sullivan, Chairman, and S. H. Thorpe, Secretary of the Democratic County Committee, for a meeting on Saturday, August 12, of the Democrats of Madison county. Read the notice. All good Democrats are urged to be present.

### Look Out.

There is a lot of stock running at large on the streets, especially at night, and Chief of Police Allman and his assistants will make a determined effort to break this up. Much complaint has been sent in of late and the owners of stock will catch a fine if they fail to keep their running stock at home.

### Ready

Everything is ready for the election of school trustees in thirty-six districts on Saturday afternoon. The polls will be open from 1 to 5 p. m. County Clerk Terrell placed the ballots several days ago in the hands of the proper authorities. There is a contest on in only a few of the districts as in practically all of them the trustees are able men and the people are satisfied.

### Playing Ball.

Pioneers are Making All the Other Teams Sit Up and Take Notice.

The Pioneers are going after first place with a determination, although they have experienced some hard luck the past week. The game here Friday was as poor an exhibition of ball as has ever been seen on the grounds. Race was knocked out of the box in the first inning and Creager was forced to go in with a cold arm, consequently the team work was poor. Walden was out of the game with a sore arm and it has been so many years since "Rally" Creager started at third, he had forgotten many of the fine points of the third sack.

At Paris, Sunday, luck was against the Pioneers, for they played excellent ball, and after the first inning, when a bad bobble led two scores across the plate, Black held the heavy hitters down with great ease. The local team beat Paris easily Saturday, knocking George and Scheneberg out of the box, but the former twisted Sunday and got revenge. The Pioneer twirlers are now going good, and this will put new life in the team.

On account of his throwing arm being very sore, Walden was placed in left field during the recent games at Paris and "Pap" Whitaker brought to third, where he played an excellent game.

### Extra Fine.

At Lexington last week an organization was effected and articles of incorporation filed to encourage the raising of a new breed of hogs, the Big Black Pig. It has been raised in England for more than a hundred years, but so far there are only seven breeders in the United States and only about three hundred of the hogs. It is claimed that it is the best bacon hog raised and is highly valued by packers.

### Big Crowd.

Two hundred and ninety guests sat down to dinner Sunday at Crab Orchard and this popular resort seems to be increasing in popularity. Manager Williams says he is expecting a record breaking crowd during August. Many Madisons and people have enjoyed Crab Orchard this summer.

### Close Call.

Mr. Barnett Chesnault had a miraculous escape from serious injury and even death, last Wednesday, while with a party of friends, auting between Winchester and Lexington. Mr. Fields Tanner, as chauffeur of his own car, ran into a drove of hogs, upsetting the machine and throwing the occupants out. All escaped with bruises, but it was a narrow one. Several of the hogs were killed and the auto wrecked.

### Big Lumps.

It seems as if the mines are sending into Richmond enormous lumps of coal. Nearly all of the local dealers have in the past few months found in the cars huge blocks weighing around five hundred pounds. Willoughby & Son unloaded last week a block which weighed nearly 1,000 pounds, which is about the largest reported so far.

Items of Interest to the Farmer, the Grower and the Stockman.

Lambs are moving freely in this section, says the Paris News. "McClintock & Caywood, of Bourbon, sending forward to the New York market a bunch of 488 head of lambs averaging 75 pounds per head, for which they paid 6 cents per pound. W. G. McClintock of Paris, shipped to New York a total of more than 1,000 head of lambs, averaging a little better than 75 pounds per head, that cost 6 cents per pound. Mr. McClintock has purchases of lambs that he will ship later aggregating more than 3,000 head, while there are yet in farmers' hands more than 10,000 head of lambs that will be shipped East during the next six weeks.

One of the largest cattle deals which has been transacted in the state this season has just been made by D. B. Martin & Co., of Philadelphia with parties in Nelson and Hardin counties. The firm has just purchased 330 head of fat cattle from Messrs. Lee Harrod, William Daugherty, Fox Kennedy and Bud Harrod. The firm paid 6 cents per pound for 300 and 5 1/2 cents per pound for 30 head. The cattle realized about \$25,000.

### Humane Society

Is Doing a Great Work in Madison as Well as All Over the State.

While there is very little for the humane society to accomplish in Madison county, yet there are a few things that are of importance and must be looked into. During the past six months local members have brought a better condition of things, in regard to the treatment of dumb animals and the good work is bearing fruit. There are yet one or two things to be looked into, and with these accomplished, the local society say they will have things in a fine condition "at home." For the benefit of many who are not acquainted with the statute the following is printed by request of the members:

Sec. 1. If any person unnecessarily or cruelly beats, tortures, uses or otherwise mistreats any animal whether his own or not he shall be fined not exceeding one hundred dollars.

Sec. 2. Any peace officer of the state of Kentucky, or any subdivision thereof, any officer of the accredited Humane Society, or any society for the prevention of cruelty to animals, may lawfully destroy or kill, or cause to be destroyed or killed, any animal found abandoned and suffering, not properly cared for, or appearing to be gladdened, injured or diseased, past recovery for any useful purpose, or for any cause suffering without hope of recovery for any useful purpose.

Sec. 3. Such officer shall first obtain a judgment to the effect of a veterinary surgeon or the judgment of that officer of two reputable citizens called by him to view such animal in his presence.

Sec. 4. Or such officer may obtain from the owner of such animal his consent to his destruction.

Sec. 5. All laws or parts of laws in conflict herewith, especially Section 1246, Chap. 96, Carroll's Kentucky Statutes of 1903 are hereby repealed.

### Boat Sinks.

The John L., the beautiful little gasoline boat owned by Mr. John Land, of this city, sank last Friday in six feet of water at Valley View. It was in charge of his son, Mr. Edgar Land, who operates the wharf and ferry boat. No lives were lost. This is the second craft that has met with disaster at this point in the last few days, the other being the Dreamland, the amusement boat owned by Capt. McKimsey, of New Albany. After several days hard work the Dreamland was raised and is now making regular trips.
